Marcelo Pirro
Computer Science Student

Profile

I am a Computer Science student and I am in the penultimate year of my coursel.

I am currently Director of the Project Team at Beets Jr, a junior company of the Computer Science course at UFSCar, I am looking for an internship in the development area to apply and improve my knowledge.

I seek to develop my career in partnership with a company committed to innovation and with a strong internal culture.

I seek challenges, I can work under pressure, and I have experience in time and people management.

Education

UFSCar – Universidade Federal de São Carlos
Computer Science
jan 2021 till now

Penultimate year of the Computer Science course at UFSCar – Federal University of São Carlos, Sorocaba campus.

Work Experience

Beets jr.
Project Director
jan 2023 till now

As Director, I am responsible for managing team members, overseeing application development teams, and coordinating overall member training. I ensure the implementation and adherence to SCRUM practices and promote a respectful work environment.

Beets jr.
Member of the Project Team
jan 2022 – jan 2023

As a member, my responsibilities included project management, task delegation, and validation within the team. I also created training programs, maintained client communication, and adapted SCRUM practices to suit the Junior Enterprise's needs.

Beets jr.
Member of the Human Resources Team
oct 2021 – jan 2022

As a member of the Human Resources Team, my responsibilities included supporting and guiding Beets members, as well as overseeing the recruitment process. Additionally, I actively participated in the development team, contributing to the design and development of websites and applications.
